## 4D™ CHASSIS

The #1 choice of the world's top cable riders! The LIQUID-FORCE 4D™ chassis delivers a precise, responsive ride like no other binding system. The 4D™ chassis features the patent protected 45° angle attachment unique to Liquid Force. Paired with the LIQUID FORCE Flextrack™, the 4D™ system bindings are the ultimate ride for cable riders of any ability.

## REFLEX WALKOUT LINER

For 2023 the Walk-Out Reflex Liner provides all the support you need for performance wakeboarding. The new walk-out reflex liner surrounds your foot in comfort with custom conforming elastic laces and velcro top strap for locked in security. The Walk-Out Liner bottom has a lightweight sole with durable rubber traction pods and built in drainage system.

## DUAL-ZONE LACING

Dual laces allow for upper and lower zone to be adjusted by the rider. Lower can be super tight, upper can be loose, the combinations can vary per rider style. The combinations could be endless for the rider.

- Nico Von Lerchenfeld Pro Model
- Medium to Wide Fit | Soft to Medium Flex
- Ankle Lace Loop Heel Hold System
- Upper Speed Hook Lacing | Dual-Zone Lacing with Hex Locks
- 4D Chassis System
- Honeycomb Flex Floor Cushioning System
- 45 Degree Angle Attachment Points
- Full-length Chassis Water Drainage System and 3D Contoured Impact EVA Liner Bottom
- TPE Chassis Impact Dampening Base
- WalkOut Reflex Liner with Velcro and Dual-Zone Elastic
- Compatible with LF Flextrack System

6X CHASSIS | MEDIUM TO WIDE FIT | SOFT FLEX PROFILE

Meagans binding of choice behind the boat or at the cable

Meagan Ethell pushes the envelope no matter what or where she rides, so she demands a high-performance binding to handle whatever she has in her sights. When designing the Vida 6X Meagan chose our softer, more flexible Control liner with an integrated design for more range of motion without sacrificing a supportive landing on big trick. She achieved this by adding the Honeycomb Flexfloor and canted foot bed to keep her body in alignment.

6X

## 6X™ CHASSIS

The Liquid Force 6X™chassis system is a state of the art 6 inch Wide binding. Created by a dream team of world class athletes and Relentless designers, the liquid force 6X™ chassis is the foundation for new family of lightweight, comfortable and responsive bindings. Compatible with any wake board, the 6X™ chassis delivers fun and performance for boat and cable riders alike.

## COMFORT LINER

With a construction that is more similar to a sneaker, we have taken the upper and liner and built them into one. This creates a soft and flexy binding, but still offers the support of a high end binding. The heel j bars are built in to the liner internal, which gives the rider a locked in feel and the tongue construction allows the rider to crank down the hold and really lock into the binding.

## DUAL-ZONE LACING

Dual laces allow for upper and lower zone to be adjusted by the rider. Lower can be super tight, upper can be loose, the combinations can vary per rider style. The combinations could be endless for the rider.

- Meagan Ethell Pro Model
- Wide Fit | Medium Flex Profile
- Integrated Comfort Foam Upper
- Flex Articulating Side Panel Design
- Back Cuff Stretch Zone
- Dual-Zone Lacing with Hex Locks
- 6X Chassis System
- Full-length Chassis Water Drainage System and 3D Contoured Impact EVA Liner Bottom
- TPE Chassis Impact Dampening Base
- Universally Compatible with All Wakeboards Featuring 6" Inserts or LF Flextrack System

VIDA 6X™

# CLASSIC 6X™ OT

6-8 | 8-10 | 10-12 | 12-14

6X CHASSIS | MEDIUM TO WIDE FIT | MEDIUM FLEX PROFILE

Our kickass Classic in an open toe version, let the toes breathe!

Our amazing classic binding in an open toe version for a wide range of foot sizes on one board setup. Its 6X Chassis and Honeycomb Flex Floor make for some of the softest landings...you'll feel like you're riding on two clouds. With plenty of size options to choose from, the Classic is the perfect binding option for all levels of riding.

## 6X

### 6X™ CHASSIS

The Liquid Force 6X™chassis system is a state of the art 6 inch Wide binding. Created by a dream team of world class athletes and Relentless designers, the liquid force 6X™ chassis is the foundation for new family of lightweight, comfortable and responsive bindings. Compatible with any wake board, the 6X™ chassis delivers fun and performance for boat and cable riders alike.

### CONTROL LINER

With a thinner construction and floating tongue, the control liner offers the best performance, fit and flex for the highest level rider. The upper construction is seamless in key areas, offering comfort and support, then the liner is complimented with the IMPACT EVA liner bottom for the most cushion while riding.

### DUAL-ZONE LACING

Dual laces allow for upper and lower zone to be adjusted by the rider. Lower can be super tight, upper can be loose, the combinations can vary per rider style. The combinations could be endless for the rider.

- Medium to Wide Fit | Medium Flex Profile
- Top Cuff Stretch Zone
- Dual-Zone lacing with Hex Locks
- 6X Chassis System
- Honeycomb Flex Floor Cushioning System
- Full-length Chassis Water Drainage System and 3D Contoured Impact EVA Liner Bottom
- TPE Chassis Impact Dampening Base
- Impact EVA Ergonomic Contoured Footbed with 2.5"
- Integrated Reflex EVA Liner with Wrapping Top Cuff
- Universally Compatible with All Wakeboards Featuring 6" Inserts or LF Flextrack System

CLASSIC 6X™

# SCAN 6X™

W5-7 | W7-9 | W9-11  
M4-6 | M6-8 | M8-10 | M10-12 | M12-13

6X CHASSIS | WIDE FIT | MEDIUM FLEX PROFILE

Solid response and power starp security makes the Scan 6X a winner.

The top Velcro "Power Strap" allows you to dial in the exact amount of support specific to your riding. Slightly softer than the Classic, the Scan is an excellent upgrade for riders looking for a boot to help them progress in their riding but still have some forgiveness as they dial in their bag of tricks.
