US COAST GUARD AND DOT TRANSPORT CANADA APPROVED LIFE JACKET

The Watson CGA was the best CGA around...until now.

For 2022 we worked with Shawn Watson to make his vest just a little bit better. The Watson Heritage CGA has a classic look and a zippered pocket for your credit card, cash, key or cable pass. What has not changed is the comfortable foam padding and CGA rated flotation! You know that it is top of the line if it has Watson's name on it, and this vest does not disappoint. The Watson Heritage CGA fits just as good as it looks. At the lake or at the cable, the Watson Heritage CGA delivers comfort and mobility.

The phenom who rides with more style and charges harder than anyone, needed a vest to match...

Daniel Grant's signature vest, the Squad TAO Heritage. Built not only to look good, but to perform at the highest competitive level. Strategically stitched to provide full range mobility without holding anything back while you boosting of kickers or pressing on rails. Daniel also tends to get cold while not riding in the warmer waters of Thailand, so this vest is equipped with the full covered chill stop liner to keep DG warm around the globe.
